Feedback

Q23

Please provide specific feedback (positive or negative) on the GST course, curriculum, techniques, or teaching methodologies so we can continue to make it better for officers.

Answered: 42 Skipped: 3

1. The teaching methodologies will be used during my own DT instruction and instruction across all my Law Enforcement Instruction
2. Awesome class. Only suggestion would be to allow trainees more reps in drilling the move if possible
3. Very effective course for law enforcement regardless of martial arts experience level
4. Awesome course.
5. Material was covered extremely well. Nate and Mark stick to the gst teaching method.
6. Nate and Mark were extremely knowledgeable in all the techniques they taught. They were able show different the move in real time and then extreme slow motion so you could understand it. Nate and Mark both kept the class flowing and had great energy during every part. Both instructors would not move on to the next technique until everyone in the class understood it completely. I value both Nate and Mark for taking the time to travel to Telford, Pa to teach this class for a week. I will definitely be taking some of their teaching methods and applying it to the way I teach back at my department.
7. Great course and instruction for real life situations encountered on the streets as a police officer.
8. Very beneficial and easy to learn techniques for people with no experience. SPF was great and provided an awesome teaching method.
9. Very beneficial to "problem pump" and have the student reply with their own answers. Possibly incorporate the "gift wrap" as a stall tactic from mount/modified mount? Slice presentation is perrrrrefect!
10. Great course, I have learned a lot.
11. Course was very easy to understand and was presented in a way that made the curriculum easy to follow.
12. Very engaging and easy to follow. As an officer with no prior Jiu Jitsu experience, the training was easily digestible and I was able to follow along and retain the techniques.
13. Hands down, best instructors and teaching method in my 10 yrs as an officer. Techniques were spot on for what is needed by my agency.
14. Love how the program taught us how to be instructors. Most instructor level courses just teach the material and send officers back to dpt without showing how to effectively deliver the info. Truly appreciated that Nate and Mark took the time to explain the Slice Presentation.
15. The curriculum was outstanding. The instructors taught at a perfect pace.
16. No change necessary.
17. Everything appears practical for use in the field.
18. Awesome course, a little like drinking From a firehose at first however the SPF method does a phenomenal job at allowing the student to grasp and fully learn each “move” by the end of week.

19. Hands down the best training I've ever taken. The way that it was taught was excellent and easy to learn.
20. Awesome instructors. Awesome techniques taught. Liked the amount of time given to drill techniques.
21. This was easily the best training I have been to in law enforcement. Every technique has real world application and is easy to learn. I have trained Jiu Jitsu for 7 years and I even learned subtle details that will help both my use of force situations at work and my recreational Jiu Jitsu practice. The SPF is also a very logical and well designed model that I can apply to other types of training.
22. I loved learning how to blend my Jiu Jitsu with my arresting techniques to achieve an arrest. Also the teaching methodology is something I'll be applying to every teaching opportunity.
23. Positive- respect was shown to all levels of pupils this week. This was a very fast course. The material covered was overwhelming at times- but with the binder I was able to go back and reread it. I really LOVE the SPF and will be taking that back to our Defense Tactics program at PH FBI.
24. I believe the curriculum was taught in the perfect amount of time. No techniques felt rushed and plenty of time to provide all the details.
25. The course is structured in a prefect way to maximize time and information. There was never a time I felt like we were learning something that I couldn't use and I also never felt rushed. Nate and Mark were friendly, entertaining and incredibly knowledgeable. There is so much info that I can bring back to my PD to help other officers and I'm exceedingly happy with this training.
26. More effective and safe for Officers and likely to reduce injury to both Officer and Subject. Techniques easy to understand and grasp even for those not regularly training.
27. Although I have several years of BJJ, this course is an excellent way to hone in on the fundamentals of BJJ and how little it takes to complete the mission, on or off the mats.
28. The GST teaching methodologies were new to me and very effective, allow for a perfect mixture of instruction and demonstration.
29. The course was very informative to those of us with little to no experience. When a question came up, it was addressed to the whole class so that If someone else had the same question it would be answered. All in all, super informative, great teaching platform and very knowledgeable and patient instructors.
30. The course was presented and explained very well, in a manner that everyone could understand.
31. The SPF method of teaching is revolutionary and will change the way I teach all subjects
32. Maybe a video or two of GST being used on the job by on duty officers.
33. The course is great at making people feel comfortable if this is their first time doing any jiu jitsu or grappling.
34. I thought it was a great course. The curriculum was manageable, techniques were appropriate and the teaching methodologies made sense.
35. The techniques will be very useful for teaching DT to my fellow employees. My department does not carry tasers and this will be a great tool in the arsenal to utilize
36. The course is laid out well to give the appropriate amount of time to learn the techniques. The SPF is well thought out and gives a great foundation for teaching other aspects of law enforcement training as well.
37. Really enjoyed the blindfold drill. Really allows both the subject and officer to work on things. Subject has to guide the officer by exaggerating moved which will help beginners.
38. The GST course overall was phenomenal. The instructors, techniques, and SPF teaching strategy provided me with a great experience for the week. The techniques were detail oriented and well thought out for the applicability with Law Enforcement. This is the first survey I ever completed with submitting all positive feedback and truly meaning it.
39. Great course, maybe split class in beginning with first timers and go through a few moves with instructors first
40. This course was great! The method and amount of time dedicated to teaching the slice presentation was perfect. I really enjoyed the Wall games, drilling with our gear on, and the blind fold drill. I think the amount of time spent learning each technique might have been too short for new certifications, and perhaps too long for recertifications.

The primary benefit is that you will be able to review the techniques in detail before teaching them to your colleagues. Another key benefit is that anytime a technique is altered or added to the program, we will update the corresponding video lesson online so that you will get instant access to the updated technique.

The GST online viewing privileges will remain active for the duration of your GST certification period. Consequently, it is essential that you plan your GST recertifications no more than 24 months apart.

IN ORDER FOR US TO UNLOCK YOUR ONLINE GST ACCESS, **YOU MUST HAVE A GRACIE UNIVERSITY ONLINE STUDENT PROFILE.** If you already have one, continue with the online application below. If not, please click here to create your free student profile (it only takes 60 seconds). If you're creating a new profile, we strongly recommend using your personal email since government email address tend to have firewall issues.

Once you've created a free student profile, please provide the following information so that we may unlock (or renew) the GST course in your lesson library.
